

KUBO5-BL

5.25" Compact design two-way
loudspeaker, black

KUBO5 is a 5.25" two-way loudspeaker with integrated bass reflex port providing a dynamic and fast bass response. The unseen original and timeless KUBO cabinet produces 80 watts dynamic power at 8 ohms. Multiple KUBO loudspeakers can easily be daisy chained via the in & link connection with euroblock connectors. The K-Mount bracket & fixing K-bolts offer a safe and comfortable loudspeaker hook-up. The easy cable management and 140° vertical or horizontal mounting possibility allows you to install the KUBO5 everywhere on any type of wall or ceiling.

The intuitive end-caps are very installer-friendly and are kept in place by 14 integrated strong neodymium magnets, hiding all connections and bracket hardware on both sides. KUBO will blend audio in with any kind of interior and architect designed environment.

TECHNICAL SPECIFICATIONS
