The P30DT two-way, 4.25" pendant loudspeaker brings exceptional dispersion to areas with open ceilings, while offering clear speech and musical purity. Available in black or white, the P30DT is suitable for a wide range of background and foreground audio applications.

The Gripple cable fasteners, Euroblock connector, and 70V/100V tap switch can be hidden after installation by the innovatively designed end cap. The attractive aesthetics and ease-of-installation make this product an industry standard.
